

9th Workshop on Substrate-Mediated Polymorphism in Organic Thin Films (SMP9)

25th - 27th of September 2017
University of Graz, Schubertstraße 1, Austria
<http://www.if.tugraz.at/smp/>

topics

Self-assembly of molecules at surfaces
Nucleation of molecular crystals at surfaces
Organic thin film processing
Thin film polymorphs of conjugated molecules
Thin film polymorphs of active pharmaceutical ingredients
Crystal structure solution from thin films
Theoretical crystal structure prediction

invited speakers

Roman Forker, University of Jena; **Ben Ocko**, Brookhaven National Laboratory; **Allan S. Myerson**, Massachusetts Institute of Technology, Boston; **Alexandre Tkatchenko**, Université du Luxembourg; **Milica Todorovic**, Aalto University, Helsinki; **Michael Ward**, New York University
