

## Solution of crystal structures

- 103.R. Resel, P. Thurner, H. Kahlert, H. Völlenkler, B. Winkler, F. Stelzer, G. Leising,  
**1-perfluoropyridyl-4-phenylbenzene a new material for electron transport layers  
in light emitting diodes**  
Mater. Struct., vol.5B, p.257 (1998)  
(18<sup>th</sup> European Crystallographic Meeting, Praha, Czech Republic, 15-20 August 1998)
- 104.R. Resel, P. Thurner, H. Kahlert, H. Völlenkler, B. Winkler, F. Stelzer, R. Müllner, D. Tunega,  
G. Leising,  
**4-(4-Biphenyl)-2,3,5,6-tetrafluoropyridine, a new material for application  
in light emitting diodes**  
Acta Crystallographica C, vol.55, p.693-5 (1999)
- 105.B. Koppelhuber-Bitschnau, L. Smrcok, D. Tunega, K. Shankland, W. I. F. David, R. Resel,  
G. Leising,  
**Decafluoroquaterphenyl - crystal and molecular structure solved from powder data**  
Mater. Struct., vol.5B, p.336-7 (1998)  
(18<sup>th</sup> European Crystallographic Meeting, Praha, Czech Republic, 15-20 August 1998)
- 106.L. Smrcok, B. Koppelhuber-Bitschnau, K. Shankland, W. I. F. David, D. Tunega, R. Resel  
**Decafluoroquaterphenyl – crystal and molecular structure solved from x-ray powder  
data**  
Z. Kristallogr. vol. 216, p. 63-66 (2001)
